

Lakeview School District
Seating Capacity – Expectations and Protocol

- Each event/facility will be calibrated to have a maximum seating limit that assures a minimum of 6' social distancing.
- For each event, Lakeview will implement the distribution of 2 guest tickets for each student athlete/participant. The allowance of tickets will NOT exceed the previously identified venue maximum seating capacity. If 2 tickets per student participant exceeds the limitation, the sport/program coach will establish a system that prioritizes senior students then shares the remaining tickets in an equitable plan.
- No visitor tickets will be distributed.
- No admittance will be granted to anyone without a guest ticket or anyone without a face covering (mask)
- Masks must be worn during the event.
- Guests will be required to remain in allocated seating areas throughout the event.
- Every venue will be posted with signage that communicates expectations and procedures for the following:
 - Entrance & Exit instructions
 - Social Distancing seating markers (signage)
 - Zone assignments – participant groups, media, officials, etc.
 - Restroom access
 - Hand Washing & Sanitizer access
 - Mandatory Mask Wearing
- School personnel staffing assignments will be structured to implement and enforce event health and safety procedures. Assurance of cleaning/sanitizing facilities before school-day usage through scheduling of custodial staff
- Violation of the safety protocols will result in the removal of the guest(s).
